

Conference Funding

In order that all requests can be treated consistently, the Executive Committee agreed to the following guidelines for conference funding on August 21, 2008.

1. Consistent with past department policy, conference funding will be from department RIF.
2. A conference budget will need to accompany any request of department RIF funds. Remember if you need staff help for the conference, those costs will need to be included in the budget.
3. For requests of \$5,000 or more, other funding, such as registration fees, external grant funds, Research Board, MU Office of Research Prime Fund, A&S, etc. should also be sought.
