Subject: Results Faculty Meeting 4/08/09
Date: Thursday, April 9, 2009 11:32:00 AM

Dear All:

The faculty meeting called for April 8, 2009 to discuss requesting approval to recruit for a tenure-track faculty member did not achieve a quorum.

However, for information purposes only, those faculty present discussed the recommendations made by the hiring committee and by a show of hands highly favored recruiting in the discipline of Algebra as the first choice and Geometry/Topology as the second choice.

I will inform Dean Mike O'Brien that because of not achieving a quorum, the Mathematics Department will not submit a request to recruit during the AY2009-10.

Sincerely,

Glen

Glen R. Himmelberg
